The Internal Family Systems Model

IFS is at the forefront of a movement toward a more collaborative therapeutic approach that relies on clients' intuitive wisdom. IFS offers a clear, non-pathologizing, and empowering view of human cognitive and emotional life and provides a dynamic therapeutic approach that allows both therapist and client to enter into a transformational relationship in which healing can occur. For more information about the IFS model and its founder, Dr. Richard Schwartz, PhD, visit the [IFS Institute Website](#).

Internal Family Systems: An Evidence-Based Practice

Internal Family Systems is posted on the National Registry for Evidence-Based Programs and Practices (NREPP). Interventions listed in NREPP have been subject to independent, rigorous scrutiny, and are deemed to show significant impact on individual outcomes relating to mental health. For more information about IFS as an evidence-based practice, please visit the [Foundation for Self Leadership Website](#).

Diversity, Equity, and Inclusion

Our goal at IFS Institute is to create learning environments and a community that teach and support the internal welcoming of parts that have been exiled, shamed, or marginalized within our systems so that they may be seen, heard, valued, and ultimately healed. Our hope is that this work will lead to greater Self leadership where all of us are more connected, curious, and compassionate with ourselves and with each other. For more information about IFS Institute's commitment to diversity, equity, and inclusion, please visit: [IFS Institute Diversity, Equity, and Inclusion](#).
