The Internal Family Systems Model

IFS is at the forefront of a movement toward a more collaborative therapeutic approach that relies on clients' intuitive wisdom. IFS offers a clear, non-pathologizing, and empowering view of human cognitive and emotional life and provides a dynamic therapeutic approach that allows both therapist and client to enter into a transformational relationship in which healing can occur. For more information about the IFS model and its founder, Dr. Richard Schwartz, PhD, visit the [IFS Institute Website](#).

Internal Family Systems: An Evidence-Based Practice

Internal Family Systems is posted on the National Registry for Evidence-Based Programs and Practices (NREPP). Interventions listed in NREPP have been subject to independent, rigorous scrutiny, and are deemed to show significant impact on individual outcomes relating to mental health. For more information about IFS as an evidence-based practice, please visit the [Foundation for Self Leadership Website](#).

Diversity, Equity, and Inclusion

Our goal at IFS Institute is to create learning environments and a community that teach and support the internal welcoming of parts that have been exiled, shamed, or marginalized within our systems so that they may be seen, heard, valued, and ultimately healed. Our hope is that this work will lead to greater Self leadership where all of us are more connected, curious, and compassionate with ourselves and with each other. For more information about IFS Institute's commitment to diversity, equity, and inclusion, please visit: [IFS Institute Diversity, Equity, and Inclusion](#).

Health and Safety Protocols

On-Site Sessions:

- IFS Institute follows COVID and other health and safety protocols as required by the training site and relevant government entities, and all training participants and staff must comply with any such protocols that are in effect at the training site, for example, masking, vaccination, testing, reporting, social distancing, etc.
- Required protocols can be imposed or lifted at any time, whether before a training starts, before individual sessions start, or while a training is actively meeting.
- Training members are welcome to wear masks at any time but are not required to do so except as above.
- On-site sessions are available only in the site's designated meeting space while the training is meeting. On-site sessions are not available via online platforms, and recordings and transcripts are not available.
- Each participant may miss up to a certain amount of training time due to illness or other reasons. Attendance requirements, daily schedules, and information about withdrawals and refunds are in this brochure.
- Each training includes about 50 people.

We understand that there is uncertainty about things such as COVID, and that an individual's comfort level about on-site, in-person meetings can change, especially as levels of COVID or other illnesses change, as protocols change, and as personal circumstances change, sometimes unexpectedly.

Given your own situation, please do not apply for this training if you...

- Cannot or may not want to attend on-site sessions where protocols are not required.
- Are or may become uncomfortable with the possibility of protocols being imposed or lifted at any time.
- Cannot or may not want to abide by protocols that may be required, or if you may need something other than these protocols.

Current Protocols for This Training:

As of this writing, February 2024, the Q Center will follow the guidelines of the CDC. There are no COVID or other such required protocols for this training's site. IFS Institute's Site Specialist, Alexandra DeWald, Alexandra@IFS-Institute.com, will contact people enrolled in the training if that changes.

Out of respect for all training members and in order for the training group to remain in compliance with required protocols that may exist, IFS Institute expects that everyone attending the training will abide by requirements in effect for this training.

If Moving an On-Site Session to an Online Platform Is Required

IFS Institute is eager and intends to run this training's on-site session(s) at the site listed. However, if circumstances change and COVID or other health and safety restrictions are imposed by the site or government entity with authority, it may be necessary to move on-site session(s) to an online platform. If this occurs, IFS Institute will act as quickly as possible to keep training members informed.

Online Sessions & Bridge Days:

- Online sessions and Bridge Days are only available live, in real-time, and no recordings or transcripts are available.
- Each participant may miss up to a certain amount of training time due to illness or other reasons. Attendance requirements, daily schedules, and information about withdrawals and refunds are in this brochure.
